ROLLER SHADES · PRODUCT BROCHURE

AR Cordless

Spring-and-brake cordless roller shade

CLOSE-UP

Finished shade: bracket, roll and bottom bar

22″–90″	98″	Factory set
Finished width	Maximum height	No field calibration

AR Cordless pairs a factory-set spring with a built-in brake: the shade holds at any height and the spring carries it smoothly up. The practical cordless choice for condominiums, rentals and commercial projects.

01 Features

- ✓ **Spring-assisted lift.** Guide the bottom bar and the spring does the work.
- ✓ **Holds any position.** The built-in brake stops the shade wherever you let go.
- ✓ **Upper limit by design.** The top position is set by hanging the shade fully rolled up.
- ✓ **Fast, secure installation.** End pins slide up into the brackets and latch.
- ✓ **Nothing at the window.** No cords or chains, for a clean look on every floor.
- ✓ **Optional aluminium cover.** Clip-on cover conceals roll and brackets; white or anodized.

02 At a glance
